## Description

Dream Boat Dubai is a premium small-group water experience designed for travelers who want a fast-paced coastal route in a compact, private-style format. The 45-minute ride combines skyline scenery, open-water movement, and guided navigation in a schedule-friendly session for evening and late-day bookings.

The product is structured for groups up to six guests at base capacity, making it ideal for families, friend groups, and private celebrations that prefer a dedicated boat environment. For larger bookings, pricing scales in defined tiers so group expansion remains transparent at checkout.
