

Museum of the Future

Highlights

- Not provided

Description

The Museum of the Future in Dubai is not just a museum; it is a center of experience where science, technology, and creativity converge to open the door to the future. With its circular architecture, the museum is one of the most striking structures in Dubai, offering areas themed around artificial intelligence, space technologies, robotics, sustainability, and digital universes. There are special sections for children that foster imagination, while adults can enjoy interactive experiences that inspire thoughts about the future. Here, visitors are not merely spectators; they also become a part of the future. The museum is open every day from 09:30 AM to 07:00 PM, and entry is made in half-hour time slots. Due to the fact that tickets tend to sell out weeks in advance, especially during the winter months, early reservation is recommended. The wristband received at the entrance is used for both entry and the digital experiences inside. Admission Fees June – October (low season): 159 AED (~43 USD) November – May (high season): 169 AED (~46 USD) Children aged 0-3: Free (no prior reservation needed, tickets can be obtained at the entrance). Children aged 4 and over: Must purchase a full-price ticket (no child discount available). People of Determination + 1 companion: Free (no prior reservation needed, tickets can be obtained at the entrance).
