

Dubai 22-Minute Helicopter Tour

□□

- Fly over both modern and historic Dubai including Burj Khalifa, Palm Jumeirah, and Dubai Creek
- Experience an extended route covering The World Islands, Burj Al Arab, and traditional districts of old Dubai
- Enjoy a comprehensive aerial journey combining coastline, skyline, and cultural landmarks in one flight

□□

This 22-minute helicopter tour offers one of the most complete aerial experiences in Dubai, combining the city's modern skyline with its historic districts. Designed for travelers who want a broader perspective, this extended flight allows you to explore more landmarks and diverse areas in a single journey.

The route begins over the iconic Burj Al Arab, followed by a scenic pass over The World Islands and the remarkable Palm Jumeirah with views of Atlantis The Palm hotel. The flight continues toward the city center, showcasing the impressive Burj Khalifa and the surrounding skyline before moving along the Dubai Canal.

As the tour progresses, you will discover the more traditional side of the city, flying over Dubai Creek, the historic wind towers in Bur Dubai, and the lush Dubai Creek Golf Course. The experience is completed with views of the Jumeirah coastline and the authentic neighborhoods that reflect the heritage of old Dubai.

📄

Step 1

The Vision Tour, lasting 22 minutes, is one of the most comprehensive helicopter routes for those wanting to explore both the modern face and traditional texture of Dubai from the air.

Step 2

With this extensive route, you will witness different facets of Dubai in a single flight, from the skyline filled with skyscrapers to historic districts. During the flight, you will see iconic structures such as The Palm Jumeirah, Atlantis The Palm, Burj Al Arab, and Burj Khalifa, as well as Dubai Creek, traditional wind towers, and the historic Bur Dubai area.

Step 3

This tour, conducted with modern and fully-equipped helicopters, is designed for those who want to not only see Dubai but also feel it.
